## Pharmacy

Memorial University Medical Center is a 530-bed academic medical center with a level 1 trauma center. Our pharmacy services operate under a philosophy of decentralized automation via Pyxis cabinets. We place pharmacists and pharmacy technicians directly in patient care areas. Distinct areas of service include:

- Adult pharmacy services
- Central pharmacy services
- Critical care pharmacy services
- Investigational drug services
- Neonatal intensive care nursery pharmacy services
- Operating room pharmacy services
- Parenteral product preparation
- Pediatric pharmacy services

## Academic Medicine

Our pharmacy program is involved in the education and training of pharmacists. We are a major experiential teaching site for the University of Georgia College of Pharmacy. In addition, Memorial is home to one of only 17 American Society of Health System Pharmacists accredited pharmacy practice residency programs in the state of Georgia. Each year, four post-graduate pharmacists complete this program, developing their skills as pharmacy practitioners.
