

Memorial
University Medical Center

Be One of Us.

There are people who truly make a difference in the lives of others. **Be one of them.** Join the award-winning team at Memorial University Medical Center located in the beautiful coastal city of Savannah, Georgia.

Radiology/Imaging

Memorial University Medical Center is a 530-bed academic medical center with a level 1 trauma center. Our radiology department offers diagnostic and therapeutic imaging seven days a week. Our services include diagnostic X-ray and fluoroscopy, ultrasound, nuclear medicine, therapeutic and diagnostic angiography, computed tomography, magnetic resonance imaging, mammography (including digital mammography), positron emission tomography, and bone densitometry.

Diagnostic Radiology

We work with Mercer University to provide medical education and a physician residency program in diagnostic radiology. Our physicians perform more than 168,000 diagnostic exams every year. Team Members provide general radiographic procedures, trauma radiology, and fluoroscopy. They can also take advantage of a clinical career ladder that rewards them for achieving additional certifications and conducting research.

Breast Center

The Breast Center team includes a fellowship-trained, board-certified radiologist, a board-certified medical physicist, nationally certified imaging technologists, and registered nurses. They work together to provide a full range of services. The Breast Center is accredited by the American College of Radiology in stereotactic breast biopsy procedures. Team Members perform screening and diagnostic mammography, stereotactic biopsies, breast ultrasound, ultrasound guided breast biopsies, and needle localizations. They can also participate in clinical career ladders that reward them for achieving additional certifications and conducting research.

Our Guiding Principles

Our Mission: With compassion, we heal, teach, and discover.

Our Vision: We will create a new standard for healthcare by integrating compassionate healing, lifelong learning, and scientific discovery.

Our Values: Trust, respect, world-class, enjoyment, my Memorial.

There is a better career waiting for you. Be one of us.
