

PIQ Bonus Points for S.A.V.E.R_x – 2010 Measurement Year (MY2010)

For MY2010, the PIQ sponsors will be offering up to two bonus percentage points for MHP physicians who complete the S.A.V.E.R_x certification program. S.A.V.E.R_x is a tool created by doctors to help doctors find the best medications at the best price for their patients. It provides insight into the cost benefits of medication adjudication to the patient as well as the employers.

Steps to receive bonus points:

- Become certified to earn one bonus percentage point for PIQ MY2010. You can earn this bonus one of two ways:
 - a) If you are already certified, the S.A.V.E.R_x program will provide the PIQ program with a list of all physicians who have completed the criteria.

OR

- b) If you are not certified, attend a live certification session or webinar before September 30, 2010. Details for these sessions can be found at www.ourlifehealth.com. Once you complete the session, the S.A.V.E.R_x program will provide the PIQ program with your information.
- Participate in the S.A.V.E.R_x “Did you know?” weekly email survey at least 50% of the time during the PIQ MY2010 to earn one bonus percentage point. You must be certified to participate in “Did you know?” surveys. The S.A.V.E.R_x program will provide the PIQ program with your participation level for scoring.
